Welcome to Lighthouse Health Plan's Statewide Medicaid Managed Care Plan!

Thanks for being a member. We value you. We are dedicated to you and your family. We will work with you and your doctor to improve your health care experience.

This Member Handbook will describe your benefits. It also tells you about costs, if you have any. This document provides a lot of detail for you. Please keep this document so you can use it throughout the year.

We are available to walk you through the document to help you understand the information.

Lighthouse Health Plan has a contract with the Florida Agency for Health Care Administration (Agency) to provide health care services to people with Medicaid. This is called the **Statewide Medicaid Managed Care (SMMC) Program**. You are enrolled in our SMMC plan. This means that we will offer you Medicaid services. We work with a group of health care providers to help meet your needs.

There are many types of Medicaid services that you can receive in the SMMC program. You can receive medical services, like doctor visits, labs, and emergency care, from a **Managed Medical Assistance (MMA)** plan. If you have a certain health condition, like AIDS, you can receive care that is designed to meet your needs in a **Specialty** plan.

If your child is enrolled in the Florida Kid Care **MediKids** program, most of the information in this handbook applies to you. We will let you know if something does not apply.

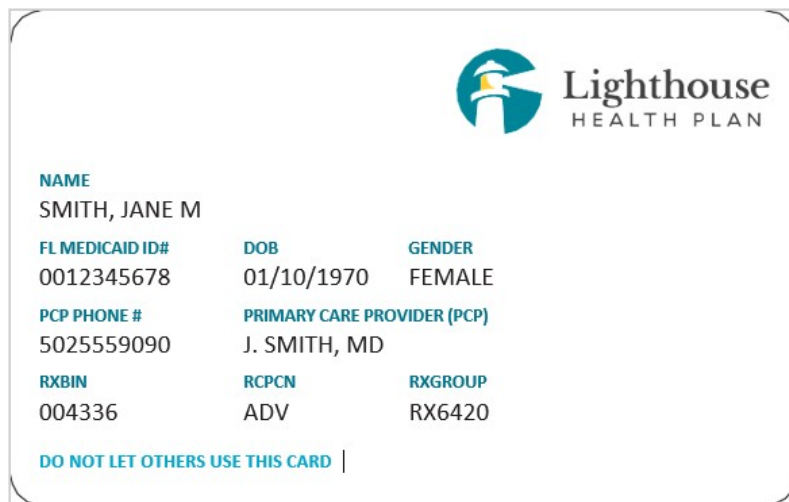

This handbook will be your guide for all health care services available to you. You can ask us any questions, or get help making appointments. If you need to speak with us, just call us at 1-844-243-5176.

Section 1: Your Plan Identification Card (ID card)

You should have received your ID card in the mail. Call us if you have not received your card or if the information on your card is wrong. Each member of your family in our plan should have their own ID card.

Carry your ID card at all times and show it each time you go to a health care appointment. Never give your ID card to anyone else to use. If your card is lost or stolen, call us so we can give you a new card.

Your ID card will look like this:

For people with disabilities: If you use a wheelchair, or are blind, or have trouble hearing or understanding, call us if you need extra help. We can tell you if a provider's office is wheelchair accessible or has devices for communication. Also, we have services like:

- Telecommunications Relay Service. This helps people who have trouble hearing or talking to make phone calls. Call 711 and give them our Member Services phone number. It is 1-844-243-5176. They will connect you to us.
- Information and materials in large print, audio (sound), and braille
- Help in making or getting to appointments
- Names and addresses of providers who specialize in your disability

All of these services are provided free to you.

Section 5: When Your Information Changes

If any of your personal information changes, let us know as soon as possible. You can do so by calling Member Services. We need to be able to reach you about your health care needs.

The Department of Children and Families (DCF) needs to know when your name, address, county, or telephone number changes as well. Call DCF toll free at 1-866-762-2237 (TTY 1-800-955-8771) Monday through Friday from 8 a.m. to 5:30 p.m. You can also go online and make the changes in your Automated Community Connection to Economic Self Sufficiency (ACCESS) account at <https://dcf-access.dcf.state.fl.us/access/index.do>.

You may also contact the Social Security Administration (SSA) to report changes. Call SSA toll free at 1-800-772-1213 (TTY 1-800-325-0778), Monday through Friday from 7 a.m. to 7 p.m. You may also contact your local Social Security office or go online and make changes in your *my* Social Security account at <https://secure.ssa.gov/RIL/SiView.do>.

Section 6: Your Medicaid Eligibility

For Lighthouse Health Plan to pay for your services, you have to be covered by Medicaid and enrolled in our plan. This is called having **Medicaid eligibility**. DCF decides if someone qualifies for Medicaid.

Sometimes things in your life might change, and these changes can affect whether or not you can still have Medicaid. It is very important to make sure that you have Medicaid before you go to any appointments. Just because you have a Plan ID Card does not mean that you still have Medicaid. Do not worry! If you think your Medicaid has changed or if you have any questions about your Medicaid, call Member Services and we can help you check on it.

If you Lose your Medicaid Eligibility

If you lose your Medicaid and get it back within 180 days, you will be re-enrolled back into our plan.

If you have Medicare

If you have Medicare, continue to use your Medicare ID card when you need medical services (like going to the doctor or the hospital), but also give the provider your Medicaid Plan ID card too.

If you are having a baby

If you have a baby, he or she will be covered by us on the date of birth. Call Member Services to let us know that your baby has arrived, and we will help make sure your baby is covered and has Medicaid right away.

It is helpful if you let us know that you are pregnant **before** your baby is born to make sure that your baby has Medicaid. Call DCF toll free at 1-866-762-2237 while you are pregnant. If you need help talking to DCF, call us. DCF will make sure your baby has Medicaid from the day he or she is born. They will give you a Medicaid number for your baby. Let us know the baby's Medicaid number when you get it.

Section 7: Enrollment in Our Plan

When you first join our plan, you have 120 days to try our plan. If you do not like it for any reason, you can enroll in another SMMC plan in this region. Once those 120 days are over, you are enrolled in our plan for the rest of the year. This is called being **locked-in** to a plan. After being in our plan for one year, you can choose to stay with us or select another plan. This happens every year you have Medicaid and are in the SMMC program.

Open Enrollment

Open enrollment is a period that starts 60 days before the end of your year in our plan. The State's Enrollment Broker will send you a letter letting you know that you can change plans if you want. This is called your **Open Enrollment** period. You do not have to change plans. If you leave our plan and enroll in a new one, you will start with your new plan at the end of your year in our plan. Once you are enrolled in the new plan, you will have another 60 days to decide if you want to stay in that plan or change to a new one before you are locked-in for the year. You can call the Enrollment Broker at 1-877-711-3662 (TDD 1-866-467-4970).

Section 8: Leaving Our Plan (Disenrollment)

Leaving a plan is called **disenrolling**. If you want to leave our plan while you are locked-in, you have to call the State's Enrollment Broker. By law, people cannot leave or change plans while they are locked-in except for very special reasons. The Enrollment Broker will talk to you about why you want to leave the plan. The Enrollment Broker will also let you know if the reason you stated allows you to change plan.

You can leave our plan at any time for the following reasons (also known as **Good Cause Disenrollment** reasons¹):

- You are getting care at this time from a provider that is not part of our plan but is a part of another Plan
- We do not cover a service for moral or religious reasons
- You are an American Indian or Alaskan Native
- You live in and get your Long-term Care services from an assisted living facility, adult family care home, or nursing facility provider that was in our network but is no longer in our network

You can also leave our plan for the following reasons, if you have completed our grievance and appeal process²:

- You receive poor quality of care, and the Agency agrees with you after they have looked at your medical records
- You cannot get the services you need through our plan, but you can get the services you need through another plan
- Your services were delayed without a good reason

If you have any questions about whether you can change plans, call Member Services or the State's Enrollment Broker at 1-877-711-3662 (TDD 1-866-467-4970).

Removal from Our Plan (Involuntary Disenrollment)

The Agency can remove you from our plan (and sometimes the SMMC program entirely) for certain reasons. This is called **involuntary disenrollment**. These reasons include:

- You lose your Medicaid
- You move outside of where we operate, or outside the State of Florida
- You knowingly use your Plan ID card incorrectly or let someone else use your Plan ID card
- You fake or forge prescriptions

If the Agency removes you from our plan because you broke the law or for your behavior, you cannot come back to the SMMC program.

Section 9: Managing Your Care

If you have a medical condition or illness that requires extra support and coordination, we may assign a case manager to work with you. Your case manager will help you get the services you need. The case manager will work with your other providers to manage your health care. If we provide you with a case manager and you do not want one, call Member Services to let us know.

¹ For the full list of Good Cause Disenrollment reasons, please see Florida Administrative Rule 59G-8.600: [https://www.flrules.org/gateway/RuleNo.asp?title=MANAGED CARE&ID=59G-8.600](https://www.flrules.org/gateway/RuleNo.asp?title=MANAGED%20CARE&ID=59G-8.600)

² To learn how to ask for an appeal, please turn to Section 13, Member Satisfaction, on page 49.

If you have a problem with your care, or something in your life changes, let your case manager know and they will help you decide if your services need to change to better support you.

Changing Case Managers

If you want to choose a different case manager, call Member Services. There may be times when we will have to change your case manager. If we need to do this, we will send a letter to let you know.

Important Things to Tell Your Case Manager

If something changes in your life or you don't like a service or provider, let your case manager know. You should tell your case manager if:

- You don't like a service
- You have concerns about a service provider
- Your services aren't right
- You get new health insurance
- You go to the hospital or emergency room
- Your caregiver can't help you anymore
- Your living situation changes
- Your name, telephone number, address, or county changes

Section 10: Accessing Services

Before you get a service or go to a health care appointment, we have to make sure that you need the service and that it is medically necessary for you. This is called **prior authorization**. To do this, we look at your medical history and information from your doctor or other health care providers. Then we will decide if that service can help you. We use rules from the Agency to make these decisions.

Providers in Our Plan

For the most part, you must use doctors, hospitals, and other health care providers that are in our **provider network**. Our provider network is a group of doctors, therapists, hospitals, facilities, and other health care providers that we work with. You can choose any provider in our provider network. This is called your **freedom of choice**. If you use a health care provider that is not in our network, you may have to pay for that appointment or service.

You will find a list of providers that are in our network in our provider directory. If you want a copy of the provider directory, call 1-844-243-5176 to get a copy or visit our website at www.lighthousehealthplan.com.

Providers Not in Our Plan

There are some services that you can get from providers who are not in our provider network. These services are:

- Family planning services and supplies
- Women's preventative health services, such as breast exams, screenings for cervical cancer, and prenatal care
- Treatment of sexually transmitted diseases
- Emergency care

If we cannot find a provider in our provider network for these services, we will help you find another provider that is not in our network. Remember to check with us first before you use a provider that is not in our provider network. If you have questions, call Member Services.

What Do I Have To Pay For?

Questions? Call Member Services at 1-844-243-5176 or TTY at 711

You may have to pay for appointments or services that are not covered. A covered service is a service that we have to provide in the Medicaid program. All of the services listed in this handbook are covered services. Remember, just because a service is covered, does not mean that you will need it. You may have to pay for services if we did not approve it first.

If you get a bill from a provider, call Member Services. Do not pay the bill until you have spoken to us. We will help you.

Services for Children³

We must provide all medically necessary services for our members who are ages 0 – 20 years old. This is the law. This is true even if we do not cover a service or the service has a limit. As long as your child’s services are medically necessary, services have:

- No dollar limits; or
- No time limits, like hourly or daily limits

Your provider may need to ask us for approval before giving your child the service. Call Member Services if you want to know how to ask for these services.

Moral or Religious Objections

If we do not cover a service because of a religious or moral reason, we will tell you that the service is not covered. In these cases, you must call the State’s Enrollment Broker at 1-877-711-3662 (TDD 1-866-467-4970). The Enrollment Broker will help you find a provider for these services.

Section 11: Helpful Information About Your Benefits

Choosing a Primary Care Provider (PCP)

If you have Medicare, please contact the number on your Medicare ID card for information about your PCP.

One of the first things you will need to do when you enroll in our plan is choose a PCP. This can be a doctor, nurse practitioner, or a physician assistant. You will see your PCP for regular check-ups, shots (immunizations), or when you are sick. Your PCP will also help you get care from other providers or specialists. This is called a **referral**. You can choose your PCP by calling Member Services.

You can choose a different PCP for each family member or you can choose one PCP for the entire family. If you do not choose a PCP, we will assign a PCP for you and your family.

You can change your PCP at any time. To change your PCP, call Member Services.

Choosing a PCP for Your Child

You can pick a PCP for your baby before your baby is born. We can help you with this by calling Member Services. If you do not pick a doctor by the time your baby is born, we will pick one for you. If you want to change your baby’s doctor, call us.

It is important that you select a PCP for your child to make sure they get their Child Health Check-ups each year. Child Health Check-ups are for children 0 – 20 years old. These visits are regular check-ups that help you and your child’s PCP know what is going on with your child and how they

³ Also known as “Early and Periodic Screening, Diagnosis, and Treatment” or “EPSDT” requirements.

are growing. Your child may also receive shots (immunizations) at these visits. These visits can help find problems and keep your child healthy.⁴

You can take your child to a pediatrician, family practice provider, or other health care provider. You do not need a referral for Child Health Check-ups. There is no charge for Child Health Check-ups.

Specialist Care and Referrals

Sometimes, you may need to see a provider other than your PCP for medical problems like special conditions, injuries, or illnesses. Talk to your PCP first. Your PCP will refer you to a **specialist**. A specialist is a provider who works in one health care area.

If you have a case manager, make sure you tell your case manager about your **referrals**. The case manager will work with the specialist to get you care.

Second Opinions

You have the right to get a **second opinion** about your care. This means talking to a different provider to see what they have to say about your care. The second provider will give you their point of view. This may help you decide if certain services or treatments are best for you. There is no cost to you to get a second opinion.

Your PCP, case manager or Member Services can help find a provider to give you a second opinion. You can pick any of our providers. If you are unable to find a provider with us, we will help you find a provider that is not in our provider network. If you need to see a provider that is not in our provider network for the second opinion, we must approve it before you see them.

Urgent Care

Urgent Care is not Emergency Care. Urgent Care is needed when you have an injury or illness that must be treated within 48 hours. Your health or life are not usually in danger, but you cannot wait to see your PCP or it is after your PCP's office has closed.

If you need Urgent Care after office hours and you cannot reach your PCP, you can call our 24-hour Nurse Advice Line at 1-800-625-1512 or you can go directly to a participating urgent care center. You may also find the closest participating urgent care center to you by calling Member Services at 1-844-243-5176 or going to our website at www.lighthousehealthplan.com/providerdirectory.

If you would like to talk to your PCP's office, the phone number is on the front of your ID card. Your PCP will have a doctor who monitors and returns calls also known as being "on call." This doctor will call you back and tell you what to do. If you go to an urgent care center be sure to call your PCP the next day to ensure you get the follow up care you need.

Hospital Care

If you need to go to the hospital for an appointment, surgery or overnight stay, your PCP will set it up. We must approve services in the hospital before you go, except for emergencies. We will not pay for hospital services unless we approve them ahead of time or it is an emergency.

⁴ For more information about the screenings and assessments that are recommended for children, please refer to the "Recommendations for Preventative Pediatric Health Care – Periodicity Schedule" at www.aap.org.

If you have a case manager, they will work with you and your provider to coordinate services when you go home from the hospital.

Emergency Care

You have a medical **emergency** when you are so sick or hurt that your life or health is in danger if you do not get medical help right away. Some examples are:

- Broken bones
- Bleeding that will not stop
- You are pregnant, in labor and/or bleeding
- Trouble breathing
- Suddenly unable to see, move, or talk

Emergency services are those services that you get when you are very ill or injured. These services try to keep you alive or to keep you from getting worse. They are usually delivered in an emergency room.

If your condition is severe, call 911 or go to the closest emergency facility right away. You can go to any hospital or emergency facility. If you are not sure if it is an emergency, call your PCP. Your PCP will tell you what to do.

The hospital or facility does not need to be part of our provider network or in our service area. You also do not need approval ahead of time to get emergency care or for services received in an emergency room to treat your condition.

If you have an emergency when you are away from home, get the medical care you need. Be sure to call Member Services when you are able and let us know.

Filling Prescriptions

We cover a full range of prescription medications. We have a list of drugs that we cover. This list is called our **Formulary**. You can find the list on our Web site at www.lighthousehealthplan.com or by calling Member Services.

We cover **brand name** and **generic** drugs. Generic drugs have the same ingredients as brand name drugs, but they are often cheaper than brand name drugs. They work the same.

Sometimes, we may need to approve using a brand name drug before your prescription is filled.

We have pharmacies in our provider network. You can fill your prescription at any pharmacy that is in our provider network. Make sure to bring your Plan ID card with you to the pharmacy.

The list of covered drugs may change from time to time, but we will let you know if anything changes.

Certain drugs can only be filled at Specialty Pharmacies. For a list of these drugs, you can visit www.lighthousehealthplan.com. These drugs may not be available at all retail pharmacies. We prefer specialty drugs to be filled at a CVS Specialty Pharmacy. A list of CVS Specialty Pharmacies near you can be found at www.lighthousehealthplan.com. Please call Member Services if you would like to get your specialty drugs from a different participating provider.

Behavioral Health Services

There are times when you may need to speak to a therapist or counselor if you are having any of the following feelings or problems:

- Always feeling sad
- Not wanting to do the things that you used to enjoy

- Feeling worthless
- Having trouble sleeping
- Not feeling like eating
- Alcohol or drug abuse
- Trouble in your marriage
- Parenting concerns

We cover many different types of behavioral health services that can help with issues you may be facing. You can call a behavioral health provider for an appointment. You can get help finding a behavioral health provider by:

- Calling: 1-800-342-3222
- Looking at our provider directory
- Going to our website: www.lighthousehealthplan.com

Someone is there to help you 24 hours a day, 7 days a week.

You do not need a referral from your PCP for behavioral health services.

If you are thinking about hurting yourself or someone else, call 911. You can also go to the nearest emergency room or crisis stabilization center, even if it is out of our service area. Once you are in a safe place, call your PCP if you can. Follow up with your provider within 24-48 hours. If you get emergency care outside of the service area, we will make plans to transfer you to a hospital or provider that is in our plan's network once you are stable.

Member Reward Programs

We offer programs to help keep you healthy and to help you live a healthier life (like losing weight or quitting smoking). We call these **healthy behavior programs**. You can earn rewards while participating in these programs. Our plan offers the following programs:

- Medically-approved smoking cessation
- Medically-directed weight loss program
- Alcohol or Substance Abuse recovery program

You may earn \$25.00 per qualifying activity up to \$50.00 a year distributed on a reloadable debit card. Please remember that rewards cannot be transferred. If you leave our Plan for more than 180 days, you may not receive your reward. If you have questions or want to join any of these programs, please call us at 1-844-243-5176. Or TTY at 711.

We have special programs available that will help you if you have one or more of these conditions:

- Cancer
- Diabetes
- Asthma
- High blood pressure

We will work with you and local, special agencies to address your needs. If you need special referrals, we can help with that, too.
- **Help for Members who are Homeless:** Not having a steady home can be scary. If you need help with housing, we will link you to agencies who can help with housing, food, life skills, and resources.
- **Pregnancy Care Services:** Being pregnant can be exciting and scary. If you are pregnant, we will support you. Our support starts as soon as we know you are pregnant. We will help you through delivery and after your baby is born. If you need special services, we will link you to local community agencies who focus on moms and babies.
- **Nutrition Assessment and Counseling:** Diet and nutrition are important for health. This is especially true if you are pregnant or recently had a baby. Healthy eating is also important for kids. We know eating healthy is not always easy. We partner with providers and the community to make sure you have:
 - enough safe nutrition for infants
 - nutrition review
 - diet counseling and a nutrition care plan
 - referrals to the local WIC program

- **Remote Health Monitoring:** Sometimes you need extra help to manage your health. If you have asthma or COPD, you may be eligible for our Remote Health Monitoring program. We will help you manage your asthma or COPD from your home. We will work with you and your doctor to see if this program is right for you.

You also have a right to tell us about changes you think we should make.

To get more information about our quality enhancement program or to give us your ideas, call Member Services.

Doctors, hospitals and healthcare companies are creating new technologies. This can be anything from a new test to new machines. Lighthouse Health Plan has processes to look for and test these new technologies. When we find out about new devices, we research them. We may also ask experts for their views. We match the information with known national standards. We make sure new tests or devices are safe and good for you. We base our decisions on making sure you have the right care.

Section 12: Your Plan Benefits: Managed Medical Assistance Services

The table below lists the medical services that are covered by our Plan. Remember, you may need a referral from your PCP or approval from us before you go to an appointment or use a service. Services must be medically necessary in order for us to pay for them⁵.

Patient Responsibility

You have to pay for the **patient responsibility** when you live in a facility, like an assisted living facility or adult family care home. Patient responsibility is the money you must pay towards the cost of your care. DCF will tell you the amount of your patient responsibility. Patient responsibility is based on your income and will change if your income changes.

Emergency Disaster Plan

Disasters can happen at any time. To protect yourself and your family, it is important to be prepared. There are three steps to preparing for a disaster: 1) Be informed; 2) Make a Plan and 3) Get a Kit. For help with your emergency disaster plan, call Member Services or your case manager. The Florida Division of Emergency Management can also help you with your plan. You can call them at 1-850-413-9969 or visit their website at www.floridadisaster.org

Abuse/Neglect/Exploitation of People

You can also call the hotline if you know of someone else that is being mistreated.

Domestic Violence is also abuse. Here are some safety tips:

- If you are hurt, call your PCP
- If you need emergency care, call 911 or go to the nearest hospital. For more information, see the section called EMERGENCY CARE
- Have a plan to get to a safe place (a friend's or relative's home)
- Pack a small bag, give it to a friend to keep for you

If you have questions or need help, please call the National Domestic Violence Hotline toll free at 1-800-799-7233 (TTY 1-800-787-3224).

Advance Directives

An **advance directive** is a written or spoken statement about how you want medical decisions made if you can't make them yourself. Some people make advance directives when they get very sick or are at the end of their lives. Other people make advance directives when they are healthy. You can change your mind and these documents at any time. We can help you understand or get these documents. They do not change your right to quality health care benefits. The only purpose is to let others know what you want if you can't speak for yourself.

1. A Living Will
2. Health Care Surrogate Designation
3. An Anatomical (organ or tissue) Donation

You can download an advanced directive form from this website:

<http://www.floridahealthfinder.gov/reports-guides/advance-directives.aspx>.

Make sure that someone, like your PCP, lawyer, family member, or case manager knows that you have an advance directive and where it is located.

If there are any changes in the law about advance directives, we will let you know within 90 days. You don't have to have an advance directive if you do not want one.

If your provider is not following your advance directive, you can file a complaint with Member Services at 1-844-243-5176 or the Agency by calling 1-888-419-3456.
